The Stubborn System of Moral Responsibility-Bruce N. Waller 2014-11-28 The philosophical commitment to moral responsibility seems unshakable. But, argues Bruce Waller, the philosophical belief in moral responsibility is much stronger than the philosophical arguments in favor of it. Philosophers have tried to make sense of moral responsibility for centuries, with mixed results. Most contemporary philosophers insist that even conclusive proof of determinism would not and should not result in doubts about moral responsibility. Many embrace compatibilist views, and propose an amazing variety of competing compatibilist arguments for saving moral responsibility. In this provocative book, Waller examines the stubborn philosophical belief in moral responsibility, surveying the philosophical arguments for it but focusing on the system that supports these arguments: powerful social and psychological factors that hold the belief in moral responsibility firmly in place. Waller argues that belief in moral responsibility is not isolated but rather is a central element of a larger belief system; doubting or rejecting moral responsibility will involve major adjustments elsewhere in a wide range of beliefs and values. Belief in moral responsibility is one strand of a complex and closely woven fabric of belief, comprising threads from biology, psychology, social institutions, criminal justice, religion, and philosophy. These dense interconnections, Waller contends, make it very difficult to challenge the belief in moral responsibility at the center. They not only influence the philosophical arguments in favor of moral responsibility but also add powerful extraphilosophical support for it.

There's Nothing in This Book That I Meant to Say-Paula Poundstone 2022-04-05 Part memoir, part monologue, with a dash of startling honesty, There's Nothing in This Book That I Meant to Say features biographies of legendary historical figures from which Paula Poundstone can't help digressing to tell her own story. Mining gold from the lives of Abraham Lincoln, Helen Keller, Joan of Arc, and Beethoven, among others, the eccentric and utterly inimitable mind of Paula Poundstone dissects, observes, and comments on the successes and failures of her own life with surprising candor and spot-on comedic timing in this unique laugh-out-loud book. If you like Paula Poundstone's ironic and blindingly intelligent humor, you'll love this wryly observant, funny, and touching book. Paula Poundstone on . . . The sources of her self-esteem: "A couple of years ago I was reunited with a guy I knew in the fifth grade. He said, "All the other fifth-grade guys liked the pretty girls, but I liked you." It's hard to know if a guy is sincere when he lays it on that thick. The battle between fatigue and informed citizenship: I play a videotape of The NewsHour with Jim Lehrer every night, but sometimes I only get as far as the theme song (da da-da-da da-ah) before I fall asleep. Sometimes as soon as Margaret Warner says whether or not Jim Lehrer is on vacation I drift right off. Somehow just knowing he's well comforts me. The occult: I need to know exactly what day I'm gonna die so that I don't bother putting away leftovers the night before. TV's misplaced priorities: Someday in the midst of the State of the Union address they'll break in with, "We interrupt this program to bring you a little clip from Bewitched." Travel: In London I went to the queen's house. I went as a tourist—she didn't invite me so she could pick my brain: "What do you think of my face on the pound? Too serious?" Air-conditioning in Florida: If it were as cold outside in the winter as they make it inside in the summer, they'd put the heat on. It makes no sense. The scandal: The judge said I was the best probationer he ever had. Talk about proud. With a foreword by Mary Tyler Moore

You Have to Say Something-Dainin Katagiri 2000-01-04 Dainin Katagiri (1928–1990) was a central figure in the transmission of Zen in America. His first book, Returning to Silence, emphasized the need to return to our original, enlightened state of being, and became one of the classics of Zen in America. In You Have to Say Something, selections from his talks have been collected to address another key theme of Katagiri's teaching: that of bringing Zen insight to bear on our everyday experience. "To live life fully," Katagiri says, "means to take care of your life day by day, moment to moment, right here, right now." To do this, he teaches, we must plunge into our life completely, bringing to it the same wholeheartedness that is required in Zen meditation. When we approach life in this way, every activity—everything we do, everything we say—becomes an opportunity for manifesting our own innate wisdom. With extraordinary freshness and immediacy, Katagiri shows the reader how this wisdom not only enlivens our spiritual practice but can help make our life a rich, seamless whole.

Eat as Jesus ate. Pray as Jesus prayed. Observe the sabbath as Jesus observed. Attend the Jewish festivals as Jesus attended. Unwanted Fraternity-Greg Tonkinson 2022-04-05 Sudden loss creates shared experiences. After his wife’s accident, Greg Tonkinson had countless nights without sleep. During those times, it felt like Greg was alone in the dark—but he found great comfort in reading God’s Word and the books of other “fraternity members.” The words he found were from people who deeply understood what he was feeling—as if they were walking with him through that first year of loss. Unwanted Fraternity is Greg Tonkinson’s record of that challenging time. His honest, conversational writing style includes two main components: journal entries from a widowed father of three young children and Bible references (over 150). Tonkinson addresses areas of doubt, fear, deep sadness, and trudging through the proper reactions when others don’t know how to respond. He emphasizes the importance of community while working through the realization that life will go on after loss, even if it will never be the same. Ultimately, Unwanted Fraternity is intended to remind individuals of the hope that comes with a relationship with Christ, the true Healer of grief.

Bullshit Jobs-David Graeber 2019-05-07 From bestselling writer David Graeber—“a master of opening up thought and stimulating debate” (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled “On the Phenomenon of Bullshit Jobs.” It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society’s most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. “Clever and charismatic” (The New Yorker), Bullshit Jobs gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and “a thought-provoking examination of our working lives” (Financial Times).

Something Is Out There-Richard Bausch 2010-02-09 From the prizewinning novelist and world-renowned short-story writer, the author of 2008’s universally acclaimed novel Peace (“A brilliant one-act drama depicting the futility and moral complexity of combat” —The New York Times), eleven indelible new tales that showcase the electrifying artistry of a master. A husband confronts the power of youth and the inexorable truths of old age. A son sits by his mother’s bedside determined to give her what she needs in her final days, even though doing so means breaking his own heart. A brief adulterous tryst illuminates the fragility of our most intimate relations. A young man returns in the face of crisis to the parents he once rejected. A divorced young woman dealing with slowly increasing despair develops an obsession about a note that fell from the pocket of a man who came to eat in the café where she works. A wife whose husband has been shot must weather a terrible snowstorm with her two sons, as well as a storm of doubt about the extent of his involvement in a crime. Richard Bausch’s stories contend with transfixing themes: marital and familial estrangement, ways of trespass, the intractable mysteries and frights of daily life in these times, the uncertainty of knowledge and truth, the gulfs between friends and lovers, the frailty of even the most abiding love—while underlining throughout the persistence of love, the obdurate forces that connect us. His consummate skill, penetrating wit, and unfailing emotional generosity are on glorious display in this fine new collection.

After the War-Hervé Le Corre 2017-06-29 1950's Bordeaux. Even now, the Second World War is never far from people's memories, particularly in a city where the scars of collaboration and resistance are more keenly felt than ever. But another war has already begun. A war without a name, far away across the sea, in Algeria, where young men are sent to fight in a brutal conflict. Daniel knows what awaits him. He's heard stories. Patrols, ambushes, reprisals, massacres, mutilations, all beneath a burning north African sun. He has just a month left before he leaves but, haunted by the loss of his parents and sister in the atrocities of the last war, Daniel questions why he is even going to fight in the first place. Meanwhile, past crimes are returning to haunt Albert Darlac, the godfather of Bordeaux: corrupt police chief, fascist sympathiser and one-time collaborator. Before long, a series of explosive events will set off a spiral of violence that will bring the horrific legacy of wars past and present to the streets of Bordeaux.
