But through a mix-up, the school office never finds out. Which means ... Class 507 is teacher-free! The class figures if they don't tell anyone, it'll be one big holiday. Kyle and his friends can play games all day. Samantha decides she'll read magazines and give everyone (much needed) fashion advice. Adam can doodle everywhere without getting in trouble. Eric will be able to write stories with no one bothering him. And Maggie ... well, as the smartest kid in the class she has an ambitious plan for this epic opportunity. But can Class 507 keep the principal, the rest of the students, and their parents from finding out ... or will the greatest school year ever turn into the worst disaster in school history?

Mini-lessons for Literature Circles-Harvey Daniels 2004 Harvey Daniels' Literature Circles introduced tens of thousands of teachers to the power of student-led book discussions. Nancy Steineke's Reading and Writing Together showed how a teacher can nurture friendship and collaboration among young readers. Now, Daniels and Steineke team up to focus on one crucial element of the Literature Circle model; the short, teacher-directed lessons that begin, guide and follow-up every successful book club meeting. Mini-lessons are the secret to book clubs that click. Each of these forty-five short, focused, and practical lessons includes Nancy and Harvey's actual classroom language and is formatted to help busy teachers with point-by-point answers to the questions they most frequently ask. How can I: steer my students toward deeper comprehension? get kids interested in each others' ideas? make sure kids choose just-right books? help students schedule their reading and meeting time? deal with kids who don't do the reading? get kids to pay more attention to literary style and structure? help special education and ELL students to participate actively in book clubs? get kids to expand their repertoire of reading strategies? make sure groups are on-task when I'm not looking over their shoulder? introduce writing tools (including role sheets) that support student discussion?. help shy or dominating members get the right amount of "airtime?" give grades for book clubs without ruining the fun? use scientific research to justify the classroom time I spend on literature circles? Each mini-lesson spells out everything from the time and materials needed to word-by-word instructions for students. The authors even warn "what could go wrong," helping teachers to avoid predictable management problems. With abundant student examples, reproducible forms, photographs of kids in action, and recommended reading lists, Mini-lessons for Literature Circles helps you deepen student book discussions, create lifelong readers, and build a respectful classroom community.

Chester and Gus-Cammie McGovern 2017-04-04 Critically acclaimed author Cammie McGovern presents a heartwarming and humorous middle grade novel about the remarkable bond that forms between an aspiring service dog and an autistic boy in need of a friend. "Joyful, inspiring, and completely winning, Chester and Gus is unforgettable," proclaimed Katherine Applegate, #1 New York Times bestselling author of the Newbery Medal winner The One and Only Ivan. Chester has always wanted to become a service dog. When he fails his certification test, though, it seems like that dream will never come true—until a family adopts him. They want him to be a companion for their ten-year-old son, Gus, who has autism. But Gus acts so differently than anyone Chester has ever met. He never wants to pet Chester, and sometimes he doesn't even want Chester in the room. Chester's not sure how to help Gus since this isn't exactly the job he trained for—but he's determined to figure it out. Because after all, Gus is now his person. In the spirit of beloved classics like Because of Winn-Dixie, Shiloh, and Old Yeller, Cammie McGovern's heartfelt novel—told from Chester's point of view—explores the extraordinary friendship between a child and a dog with a poignant and modern twist.

Now that Marty has Shiloh, maybe he can help Judd to take better care of his other dogs. Then again, maybe folks are right -- there's no way a Judd Travers can ever change for the good. Code Talker-Joseph Bruchac 2006-07-06 "Readers who choose the book for the attraction of Navajo code talking and the heat of battle will come away with more than they ever expected to find."—Booklist, starred review Throughout World War II, in the conflict fought against Japan, Navajo code talkers were a crucial part of the U.S. effort, sending messages back and forth in an unbreakable code that used their native language. They braved some of the heaviest fighting of the war, and with their code, they saved countless American lives. Yet their story remained classified for more than twenty years. But now Joseph Bruchac brings their stories to life for young adults through the riveting fictional tale of Ned Begay, a sixteen-year-old Navajo boy who becomes a code talker. His grueling journey is eye-opening and

inspiring. This deeply affecting novel honors all of those young men, like Ned, who dared to serve, and it honors the culture and language of the Navajo Indians. An ALA Best Book for Young Adults "Nonsensational and accurate, Bruchac's tale is quietly inspiring..."—School Library Journal

From the Mixed-Up Files of Mrs. Basil E. Frankweiler-E.L. Konigsburg 2010-12-21 Now available in a deluxe keepsake edition! A Time Best YA Book of All Time (2021) Run away to the Metropolitan Museum of Art with E. L. Konigsburg's beloved classic and Newbery Medal-winning novel *From the Mixed-Up Files of Mrs. Basil E. Frankweiler*. When Claudia decided to run away, she planned very carefully. She would be gone just long enough to teach her parents a lesson in Claudia appreciation. And she would go in comfort-she would live at the Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go, mostly because he was a miser and would have money. Claudia was a good organizer and Jamie had some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over, Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she had discovered its maker, a question that baffled the experts, too. The former owner of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home.

Literature Circles-Harvey Daniels 1994-01-01 Two potent ideas - independent reading and cooperative learning - come together in this practical and exciting book. This unique model of literature circles was developed by a team of midwest teachers who combined local inventions with models appearing in the national professional literature. Daniels and his colleagues have been especially concerned with the issues of management, the preparation of students, and

enacting the principles of classroom democracy and group dynamics. Their special contribution has been to add to literature circles the key formal elements of collaborative learning—particularly through the varied roles used to guide students in newly-formed groups. The book presents a particularly effective way of getting started, using temporary role sheets to create quick, successful implementation of student-led discussion groups. Also offered are a variety of structures and procedures for managing literature circles over the long run, strategies that solidify and deepen the contribution which this special activity can make to balance the curriculum across grade levels. Drawing on stories from twenty-two classroom teachers who work with students from kindergarten through college, this book delivers ample guidance and inspiration for teachers who want to implement literature circles for themselves.
