Getting Along (almost) with Your Adult Kids-Lois Leiderman Davitz 2003 This upbeat, positive guide for parents of adult children approaches parenting as a lifelong process -- one that continues through adulthood. Psychologists Lois and Joel Davitz have studied child, adult, and family behavior for forty years and value loving family relationships. In Getting Along (Almost) With Your Adult Kids: A Decade-by-Decade Guide, they tell parents about the development that generally occurs during the life of an adult child and offer positive and constructive solutions to common difficulties and conflicts that arise between parents and their adult children. Whether you are tackling specific conflicts with your adult children, want to cultivate great relationships that last a lifetime, or just want to gain some perspective on adult family interactions, this book will help you every step of the way. Book jacket.

Doing Life with Your Adult Children-Jim Burns, Ph.D 2019-03-26 Are you struggling to connect with your child now that they've left the nest? Are you feeling the tension and heartache as your relationship dynamic begins to change? In Doing Life with Your Adult Children, bestselling author and parenting expert Jim Burns provides practical advice and hopeful encouragement for navigating this tough yet rewarding transition. If you've raised a child, you know that parenting doesn't stop when they turn eighteen. In many ways, your relationship gets even more complicated--your heart and your head are as involved as ever, but you can feel things shifting, whether your child lives under your roof or rarely stays in contact. Doing Life with Your Adult Children helps you navigate this rich and challenging season of parenting. Speaking from his own personal and professional experience, Burns offers practical answers to the most common questions he's received over the years, including: My child's choices are breaking my heart--where did I go wrong? Is it OK to give advice to my grown child? What's the difference between enabling and helping? What boundaries should I have if my child moves back home? What do I do when my child doesn't seem to be maturing into adulthood? How do I relate to my grown child's significant other? What does it mean to have healthy financial boundaries? How can I support my grown children when I don't support their values? Including positive principles on bringing kids back to faith, ideas on how to leave a legacy as a grandparent, and encouragement for every changing season, Doing Life with Your Adult Children is a unique book on your changing role in a calling that never ends.

Don't Bite Your Tongue-Ruth Nemzoff 2008-08-05 Parents make enormous sacrifices helping children become healthy and autonomous adults. And when children are older, popular wisdom advises parents to let go, disconnect, and bite their tongues. But increasing life spans mean that parents and children can spend as many as five or six decades as adults together: actively parenting adult children is a reality for many families. Dr. Ruth Nemzoff--a leading expert in family dynamics--empowers parents to create close relationships with their adult children, while respecting their independence. Based on personal stories as well as advice that she has accrued from years of coaching, this lively and readable book shows parents how to: -communicate at long distances -discuss financial issues without using money as a form of control -speak up when disapproving of an adult child's partner or childrearing practices -handle adult children's career choices or other midlife changes -navigate an adult child's interreligious, interracial or same sex relationships No other book treats the challenges of parent and adult offspring relationships as part and parcel of a healthy family dynamic. This practical lessons of Don't Bite Your Tongue will help parents play a vital and positive role in their children's lives.

Brain Health and Optimal Engagement for Older Adults- 2009

Mother-Daughter Duet-Cheri Fuller 2010 Presents advice for cultivating a harmonious relationships with one's daughter or daughter-in-law, describes principles of communication focused on building an adult friendship, and includes insight from a daughter's perspective.

Rules of Estrangement-Joshua Coleman, PhD 2021-03-02 A guide for parents whose adult children have cut off contact that reveals the hidden logic of estrangement, explores its cultural causes, and offers practical advice for parents trying to reestablish contact with their adult children. "Finally, here's a hopeful, comprehensive, and compassionate guide to navigating one of the most painful experiences for parents and their adult children alike." --Lori Gottlieb, psychotherapist and New York Times bestselling author of Maybe You Should Talk to Someone Labeled a silent epidemic by a growing number of therapists and researchers, estrangement is one of the most disorienting and painful experiences of a parent's life. Popular opinion typically tells a one-sided story of parents who got what they deserved or overly entitled adult children who wrongly blame their parents. However, the reasons for estrangement are far more complex and varied. As a result of rising rates of individualism, an increasing cultural emphasis on happiness, growing economic insecurity, and a historically recent perception that parents are obstacles to personal growth, many parents find themselves forever shut out of the lives of their adult children and grandchildren. As a trusted psychologist whose own daughter cut off contact for several years and eventually reconciled, Dr. Joshua Coleman is uniquely qualified to guide parents in navigating these fraught interactions. He helps to alleviate the ongoing feelings of shame, hurt, guilt, and sorrow that commonly attend these dynamics. By placing estrangement into a cultural context, Dr. Coleman helps parents better understand the mindset of their adult children and teaches them how to implement the strategies for reconciliation and healing that he has seen work in his forty years of practice. Rules of Estrangement gives parents the language and the emotional tools to engage in meaningful conversation with their child, the framework to cultivate a healthy relationship moving forward, and the ability to move on if reconciliation is no longer possible. While estrangement is a complex and tender topic, Dr. Coleman's insightful approach is based on empathy and understanding for both the parent and the adult child.

Primal Loss-Leila Miller 2017-05-20 Seventy now-adult children of divorce give their candid and often heart-wrenching answers to eight questions (arranged in eight chapters, by question), including: What were the main effects of your parents' divorce on your life? What do you say to those who claim that "children are resilient" and "children are happy when their parents are happy"? What would you like to tell your parents then and now? What do you want adults in our culture to know about divorce? What role has your faith played in your healing? Their simple and poignant responses are difficult to read and yet not without hope. Most of the contributors--women and men, young and old, single and married--have never spoken of the pain and consequences of their parents' divorce until now. They have often never been asked, and they believe that no one really wants to know. Despite vastly different circumstances and details, the similarities in their testimonies are striking; as the reader will discover, the death of a child's family impacts the human heart in universal ways.

The Everything Guide to Stepparenting-Erin Munroe 2009-05-18 Starting a relationship with a new person is always an adventure, and that adventure comes with extra thrills when your significant other is also a parent. Not only do you have to incorporate one new person into your life; you have to welcome that person/Es children too. This guide will teach new and future stepparents how to: Meet and build relationships with potential stepchildren Handle situations involving the other biological parent Involve stepchildren in the wedding Be an involved stepparent without overstepping boundaries Make tough decisions about money, education, and more This comprehensive resource covers dozens of different situationsifrom battling the wicked stepparent stereotype to mediating interactions between stepsiblings. Grown and Flown-Lisa Heffernan 2019-09-03 PARENTING NEVER ENDS. From the founders of the #1 site for parents of teens and young adults comes an essential guide for building strong relationships with your teens and preparing them to successfully launch into adulthood The high school and college years: an extended roller coaster of academics, friends, first loves, first break-ups, driver's ed, jobs, and everything in between. Kids are constantly changing and how we parent them must change, too. But how do we stay close as a family as our lives move apart? Enter the co-founders of Grown and Flown, Lisa Heffernan and Mary Dell Harrington. In the midst of guiding their own kids through this transition, they launched what has become the largest website and online community for parents of fifteen to twenty-five year olds. Now they've compiled new takeaways and fresh insights from all that they've learned into this handy, must-have guide. Grown and Flown is a one-stop resource for parenting teenagers, leading up to--and through--high school and those first years of independence. It covers everything from the monumental (how to let your kids go) to the mundane (how to shop for a dorm room). Organized by topic--such as academics, anxiety and mental health, college life--it features a combination of stories, advice from professionals, and practical sidebars. Consider this your parenting lifeline: an easy-to-use manual that offers support and perspective. Grown and Flown is required reading for anyone looking to raise an adult with whom you have an enduring, profound connection.

Get a Life-Ralph E. Warner 1996 Warner takes on the financial service industry's maxim that to avoid financial destitution in old age, Americans need to put aside larger sums of money that they are currently doing. Warner also advises readers on a number of other ways to enjoy the retirement years, including maintaining good health, having friends and close family ties, and enjoying varied interests and activities. Illustrations.

Health Management for Older Adults-David G. Satin 2009 The health care of a growing older adult population is a crucial issue, and one of increasing concern and cost. This text explores the health system's effect on health care and professional practice on societal, institutional, and health team levels. It also clarifies models of disciplinary collaboration, and the contributions of the interdisciplinary model. It relates clinical and non-clinical disciplines and facilitates change toward a more synergistic and effective health system. This book addresses its key issues in two ways: First, it explores the present health care system and how it shapes the health care that older adults receive and the practices of their health professionals. Second, it explores five models of collaboration among health disciplines and how they differ in terms of mutual understanding, extent of collaboration, overlap and flexibility of roles, and openness to incorporating knowledge and skills from one another. This text aims to help health professionals, policy makers, and citizens understand the health system, how it shapes the health care they receive and can provide, and how to improve it. It also introduces clinicians and non-clinicians to one another's responsibilities and functions so that they can develop a more synergistic and harmonious health system.

American Book Publishing Record- 2003

Choosing Your Power-Dr Wayne D Pernel 2013-01-10 Life is complex. We all have struggles, searching for different answers. Get what you want and deserve from life by choosing your power! New tools and insights give you the power to build on who you are, bettering your relationships at home and in the world, ultimately living a more authentic, balanced and fulfilled life. * Bonus workbook included! * p.It's your journey--individual, unique, and worth it. Dr. P. explains how to give yourself permission to feel good about yourself, your life, and where you're headed in it. The information in chapter one, alone, will help you considerably if you truly follow its advice." --Shawn McMaster, professional comedy magician, writer, editor of Mandala, international online magazine

Launching Financial Grownups-Bobbi Rebell 2022-03-22 Learn how to give the young adults in your life the knowledge, confidence, and motivation to make adult money decisions, and create their own strong financial foundation and independence, so you can all live richer lives. In Launching Financial Grownups, popular personal finance expert and Certified Financial Planner Bobbi Rebell gets candid about the very real-life challenges of getting young adults to choose to be financial grownups and develop their own financial foundation and security. She shares her own personal setbacks and solutions (both from her own past, and as a parent), and walks readers through the ups and downs of financial adulting milestones. Rebell has put together a practical and specific adulting launch plan for parents of young adults along with tips on how to open money discussions, the questions to ask your children, the most effective listening strategies, when to step in to stop them from making mistakes, and when to let them learn from their mistakes. Launching Financial Grownups provides the

tools to help your teen or young adults navigate the challenges of adulthood including debt, credit cards, peer pressure that leads to bad money decisions, negotiations, how to manage their own household, different investing opportunities, insurance needs, charitable giving, the legal documents they need to have in place in case of an emergency, what they need to know about your finances and even starting to think about their retirement planning. All this while also addressing recent demographic trends driven by the pandemic including young adults moving back into their childhood homes, and becoming financially dependent, after having been independent. Launching Financial Grownups offers: Solutions for parents who want to avoid 'cutting off' their kids at a seemingly arbitrary age or life milestone and are looking for more supportive solutions to get their young adults to be well adjusted financial grownups. Strategies for parents to protect their own financial well-being and retirement resources. Advice from top parenting and money experts including "How to Raise an Adult" author Julie Lythcott-Haims, "The Price You Pay for College" author Ron Lieber, "Grown and Flown" co-author Mary Dell Harrington, Tori Dunlap of "Her First 100K", "How to be a Happier Parent" author KJ Dell'Antonia, Tonya Rapley of My Fab Finance and Jean Chatzky, author and CEO of HerMoney Media Essential for the parents, grandparents, aunts, uncles, friends and everyone who is vested in the financial success and independence of young adults, Launching Financial Grownups is a must-have financial resource for long-overdue and timeless advice in an engaging and supportive package.

Kids Aren't Grown-Ups-Michelle Hutton 2019-11-08 Kids Aren't Grown-Ups explores a fascinating world... the development of a child's brain and mind. Written in an informal yet informative style, the book's clear explanations of sometimes complex issues will help parents better understand their pre-school child's abilities, limitations, motivations and behaviour. Kids Aren't Grown-Ups! arms readers with the knowledge and tools to make informed parenting choices. REVIEW BY GAYNOR: "I wish Kids Aren't Grown-Ups had been available to read when my children were born, so that I could better allow my boys to explore their own possibilities and flourish, with my support and guidance. It is rare to find a book that is so multidimensional in its approach to broadening growth in parenting skills, and the book tackles many complex topics in a clear manner, with just the right amount of scientific terminology. Michelle Hutton has a very interactive writing style, and it was the practical translation of the theory that kept me engaged. I was pleased there were no overwhelming prescriptive lists of things I felt I had to do better. I was able to stop and think about my own parenting strategies and style, making sense of how to support and impact young children." REVIEW BY TREEN: "Finally--a refreshing and useful guide for parents! I am one of those parents who had to quickly learn that our children don't always read the text books. My first child is somewhat of a challenge and I found myself reading every sort of parenting manual only to find that she just didn't seem to fit into any particular problem and more frustratingly--any solution! My second child was born and proved to be the polar opposite in terms of personality, adding to my frustration and confusion. Kids Aren't Grown-Ups has helped me to understand these precious little people in my life. However, importantly it has also helped me accept my own influences as a parent and has given me the confidence to make decisions that are right for MY kids and my family. The author covers such a wide range of topics that influence how a child develops, their behaviour and how they perceive the world, making it relevant for all children and helpful for all parents." REVIEW BY MEG: "As a new parent, I found it overwhelming at times to know what the best approach was for my daughter for everyday challenges. Everyone seems to have an opinion on your parenting--advice on everything from using child care to breastfeeding. On top of all the advice from well-meaning friends and family members, there are so many parenting books! A lot of the advice out there is biased and based on other people's values. This book, however, is written in a factual way that allows parents to add to their toolkit with useful information. Kids Aren't Grown-Ups is a down-to-earth, humorous and accessible book. Concepts that could be complex are explained in easy to understand ways, without jargon, and the diagrams are helpful additions to the text. Knowing how a child's brain develops is a very helpful tool for us parents and the author does a great job of explaining this process in ways we can all understand. Michelle Hutton writes in an extremely relatable way. While reading, I found myself nodding along emphatically as the author describes children's behaviours and parents' responses. I kept thinking, "yes, she really understands these parenting challenges I am facing." The personable way this book is written feels like someone is walking this tricky parenting road by your side, and pointing out potential potholes and hazards in a way that helps you feel prepared, in control and most importantly, not judged. Sometimes as a parent we expect things of our kids that just don't fit their age and stage of development. Hutton writes in a guilt-free, non-blaming, sensible and factual way that helps equip us "mere mortal" parents for this super-human job facing us--being a parent. I will definitely be recommending this book to other parents, especially those embarking on the journey for the first time. This book is both fascinating and thought provoking."

Brothers, Sisters, Strangers-Fern Schumer Chapman 2021-04-06 A warm, empathetic guide to understanding, coping with, and healing from the unique pain of sibling estrangement "Whenever I tell people that I am working on a book about sibling estrangement, they sit up a little straighter and lean in, as if I've tapped into a dark secret." Fern Schumer Chapman understands the pain of sibling estrangement firsthand. For the better part of forty years, she had nearly no relationship with her only brother, despite many attempts at reconnection. Her grief and shame were devastating and isolating. But when she tried to turn to others for help, she found that a profound stigma still surrounded estrangement, and that very little statistical and psychological research existed to help her better understand the rift that had broken up her family. So she decided to conduct her own research, interviewing psychologists and estranged siblings as well as recording the extraordinary story of her own rift with her brother--and subsequent reconciliation. Brothers, Sisters, Strangers is the result--a thoughtfully researched memoir that illuminates both the author's own story and the greater phenomenon of estrangement. Chapman helps readers work through the challenges of rebuilding a sibling relationship that seems damaged beyond repair, as well as understand when estrangement is the best option. It is at once a detailed framework for understanding sibling estrangement, a beacon of solidarity and comfort for the estranged, and a moving memoir about family trauma, addiction, grief, and recovery.

Coping with your Grown Children-Edwin L. Klingelhofer 2013-03-07 Coping With Your Grown Children is the only book to analyze-and lay out specific coping strategies for dealing with-the problems today's parents face with their adult offspring such as: • failure of the child to really "grow up" or achieve full potential • unemptied nests • moving back home after broken marriages • turning your home into a "daycare center" for your grandchildren • substance abuse, cult involvement, trouble with the law • alternative lifestyles or homosexuality • physical or psychiatric problems • or maybe you just think there's a problem!

Stories from the Couch-Mark Benn 2008-03 Through this book I would like to take you on a journey. It is a journey that I have been on for the past twenty-five years interviewing, questioning, doing therapy and teaching. It has been a remarkable trip into the private lives of people. I am a professional voyeur and I have found that most people are interested in what I hear, what I see and what I do. People want to know about others and they want to watch and learn.In this book I have compiled a collection of stories about some common themes in peoples' lives. In here, you can watch, learn, laugh and cry with me. If you are a voyeur like me then you will love this book.You can start reading at any point. Check out the table of contents and see what strikes you. I cannot know what you are ready to find or need to learn. Perhaps you can just play along and open it up and see where your eyes have taken you. My hope is that you will recognize yourself or others and you will think, feel and see exactly what you stopped here to learn.-Mark S. Benn, Psy.D. Psychologist

You Only Die Once-Alicia Lorelei Greene 2021-04-30 Fiona's desire for a more exciting relationship than the one she's in has her wondering whether it's time to cut her losses and move on to explore more titillating options with Abigail, who is the polar-opposite of her uber-monogamous boyfriend. As she wrestles with her decision, she is targeted by a pair of brothers, who are hell-bent to avenge their family's deaths. When they shoot her for dead, Abigail comes to her rescue, but it's no ordinary rescue. What Abigail does forever changes the course of Fiona's life and creates a new problem for her to resolve. Now she must adapt to her new reality and tiptoe around small-town sensibilities before anyone discovers her secret. That proves difficult with sexy vampires vying for her attention, new supernatural abilities she's not sure she can control, and the current boyfriend who has no clue what's happened to her. Has the woman who wanted more excitement found more than she can handle or exactly what she needed?

How to Win Friends and Influence People-Dale Carnegie 2022-05-17 Updated for the first time in more than forty years, Dale Carnegie's timeless bestseller How to Win Friends and Influence People--a classic that has improved and transformed the personal and professional lives of millions. This new edition of the most influential self-help book of the last century has been updated under the care of Dale's daughter, Donna, introducing changes that keep the book fresh for today's readers, with priceless material restored from the original 1936 text. One of the best-known motivational guides in history, Dale Carnegie's groundbreaking publication has sold tens of millions of copies, been translated into almost every known written language, and has helped countless people succeed. Carnegie's rock-solid, experience-tested advice has remained relevant for generations because he addresses timeless questions about the art of getting along with people. How to Win Friends and Influence People teaches you: -How to communicate effectively -How to make people like you -How to increase your ability to get things done -How to get others to see your side -How to become a more effective leader -How to successfully navigate almost any social situation -And so much more! How to Win Friends and Influence People is a historic bestseller for one simple reason: Its crucial life lessons, conveyed through engaging storytelling, have shown readers how to become who they wish to be. With the newly updated version of this classic, that's as true now as ever.

How to Be a Good Mother-In-Law-Bodleian Library 2013 Everyone knows a joke about mothers-in-law, but what are the golden rules you need to become a popular one? The authors of this pioneering guide, first published in the 1930s, aimed to dramatically improve relationships for all the family with sound advice which is as relevant today as it was in the early twentieth century: 'If your opinion is not sought, don't volunteer it. Practical tips are given on a range of issues, such as how to visit a married daughter, how best to interact with grandchildren, how not to pass comment at the dinner table and what degree of independence should be granted to married sons. The guide even contemplates living with the married couple and offers advice on how to negotiate this situation, as well as giving examples of how not to behave on your son or daughter's wedding day. Packed with amusing scenarios of provocative behaviour as well as pithy advice, and illustrated with contemporary line drawings, this charming guide will win over both novices and veterans in this much maligned role.

Federal Probation- 1970

Adult Children of Abusive Parents-Steven Farmer 1989 Outlines the effects of growing up in an abusive family that carry on to adulthood for healing the inner child and breaking the cycle for the next generation

Your Beagle Puppy Month by Month-Terry Albert 2017-01-10 Your Beagle Puppy Month by Month, written by a veterinarian, a trainer, and a breeder team, provides readers with everything they need to know and do at each stage of development to make sure their playful, energetic puppy grows into a happy, healthy, and well-adjusted companion. Coverage includes information on what to ask the breeder before bringing your puppy home, the necessary vaccinations your puppy needs and when to get them, and when a trip to the vet is needed. Also included: + Instructions on making potty training as smooth (and quick) as possible. + Discussion on why and how to crate train and what to do when your puppy cries at night. + Knowing when to teach your puppy is ready to learn basic commands and how to go about leash training. + Socialization: why it's necessary, when it should happen, and how to make sure it does. + Exercising and feeding your puppy appropriately to ensure he stays physically and mentally healthy. + When your puppy is ready for obedience training and how to make sure it works. + How and how often to bathe your puppy, brush his coat, clip his nails, and brush his teeth. + What causes problem behaviors, when to expect them, and how to correct them.

Adult Intentions, Student Perceptions-Kristin E. Reimer 2018-12-01 Restorative justice (RJ) is an idea whose time may have finally arrived. Although the concept has ancient roots and the term has existed in Western societies since the 1970s, only recently has it gained general public recognition. In schools, RJ's popularity is rising world-wide. In fact, education is the fastest growing area for the practice of RJ. Despite an increasing number of schools embracing the approach, it is not clear what educational RJ practitioners are trying to achieve. Adult Intentions, Student Perceptions: How Restorative Justice is Used in Schools to Control and to Engage focuses on the use of RJ in one school in Scotland and one in Canada. While important to understand the intentions of educators in using RJ in schools, those aims must be examined alongside the actual impact that such practices have on students. RJ can be understood and experienced in dramatically different ways by those implementing it. For some, RJ is about creating an environment of and for student engagement that challenges traditional systems of discipline and facilitates learning. For others, RJ is simply another tool for solidifying compliance and meting out punishment, albeit in a kinder, gentler way. Adult Intentions, Student Perceptions provides the opportunity to delve deeply into the stories of two schools and the adults and young people who inhabit them, and consider the broad impact that differing educator understandings of RJ

have on students. Adult Intentions, Student Perceptions is a timely book for RJ advocates and critics alike. It challenges a common assumption of some RJ advocates that implementing RJ necessarily creates a classroom environment of social engagement (where students are empowered to engage with one another and think critically, and school relationships and hierarchies are transformed). The student experience relayed in this book shows that RJ can as readily be mobilized to create classroom environments of social control (where students are taught obedience and compliance, and authority and hierarchy are reinforced). Reimer argues that RJ, by itself, does not guarantee certain qualities of relationship, but RJ does allow us to examine relational qualities and ask questions of how school relationships are used to engage and/or control students.

Attached-Amir Levine 2010-12-30 Is there a science to love? In this groundbreaking book, psychiatrist and neuroscientist Amir Levine and psychologist Rachel S. F. Heller reveal how an understanding of attachment theory-the most advanced relationship science in existence today-can help us find and sustain love. Attachment theory forms the basis for many bestselling books on the parent/child relationship, but there has yet to be an accessible guide to what this fascinating science has to tell us about adult romantic relationships-until now. Attachment theory owes its inception to British psychologist and psychoanalyst John Bowlby, who in the 1950s examined the tremendous impact that our early relationships with our parents or caregivers has on the people we become. Also central to attachment theory is the discovery that our need to be in a close relationship with one or more individuals is embedded in our genes. In Attached, Levine and Heller trace how these evolutionary influences continue to shape who we are in our relationships today. According to attachment theory, every person behaves in relationships in one of three distinct ways: *ANXIOUS people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back. *AVOIDANT people equate intimacy with a loss of independence and constantly try to minimize closeness. *SECURE people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mates) follow. It also offers readers a wealth of advice on how to navigate their relationships more wisely given their attachment style and that of their partner. An insightful look at the science behind love, Attached offers readers a road map for building stronger, more fulfilling connections.

Grandparenting for the Nineties-Robert A. Aldrich 1991 This book discusses how grandparents represent a more stable, nourishing age, and how the future of American children depends upon the values, competence, and social responsibility that they can learn from grandparents in this age of shattered family networks and moral degradation.

Half-Jew-Susan Jacoby 2016-03-15 Since childhood, Susan Jacoby, the New York Times bestselling author of The Age of American Unreason, was sure that her father was keeping a secret. At age twenty, just before beginning her writing career as a reporter for the Washington Post, she learned the truth: Robert Jacoby, a Catholic convert with a Catholic wife, was also a Jew. In Half-Jew, Jacoby grapples with the hidden identity cloaked by the persona of a successful accountant and member of St. Thomas Aquinas Church in East Lansing, Michigan—and with the secrets and lies that had marked her family's history for three generations on two continents. Beginning in 1849 when her great-grandfather arrived in America as a political refugee, Jacoby traces her lineage through the lives of her great-uncle Harold, the distinguished astronomer whose map of the constellations is etched on the ceiling of Grand Central Terminal; her uncle, the bridge champion Oswald Jacoby, her aunt Edith, also a Catholic convert and eventually a reformer within the church; and, of course her father himself. At the core of story is the psychic damage that accrues across generations when people conceal their true ethnic and religious origins. Featuring a new afterword, Half-Jew is a meticulously researched, emotionally poignant examination of the dark legacy of European and American anti-Semitism as well as a tender-hearted account of a daughter coming to understand her father, herself, and her family's true legacy.

Making Peace with Your Adult Children-Kathy McCoy 2013-11-12 This is a book for parents who are shocked, grief-stricken and stressed because their relationships with their adult children are not what they had hoped for after the storms and stony silences of adolescence passed. For some, the storms have yet to pass as their adult children become strangers who move on and exclude parents from their lives or who become perpetual adolescents refusing to leave the nest. Making Peace With Your Adult Children is a guide through the minefields of money issues, conflict over adult childrens' lovers, spouses and lifestyles, clashing expectations, communications barriers, struggles over grandchildren and more. Written by a licensed marriage/family therapist who is also an award-winning author, Making Peace With Your Adult Children gives practical tips on ways to find peace with adult children and also how to find peace within.

The Collapse of Parenting-Leonard Sax 2015-12-29 In this New York Times bestseller, one of America's premier child psychologists offers a must-read account of the dismal state of parenting today, and a vision for how we can better prepare our children for the challenges of the adult world In The Collapse of Parenting, internationally acclaimed author Leonard Sax argues that rising levels of obesity, depression, and anxiety among young people can be traced to parents abdicating their authority. The result is children who have no standard of right and wrong, who lack discipline, and who look to their peers and the Internet for direction. Sax shows how parents must reassert their authority - by limiting time with screens, by encouraging better habits at the dinner table, and by teaching humility and perspective - to renew their relationships with their children. Drawing on nearly thirty years of experience as a family physician and psychologist, along with hundreds of interviews with children, parents, and teachers, Sax offers a blueprint parents can use to help their children thrive in an increasingly complicated world.

Hold on to Your Kids-Gabor Maté 2019-01-03 'Maté's book will make you examine your behaviour in a new light' Guardian 'bold, wise and deeply moral. [Maté] is a healer to be cherished' Naomi Klein, author of No Logo and The Shock Doctrine Children take their lead from their friends: being 'cool' matters more than anything else. Shaping values, identity and codes of behaviour, peer groups are often far more influential than parents. But this situation is far from natural, and it can be dangerous - it undermines family cohesion, interferes with healthy development, and fosters a hostile and sexualized youth culture. Children end up becoming conformist, anxious and alienated. In Hold on to Your Kids, acclaimed physician and bestselling author Gabor Maté joins forces with Gordon Neufeld, a psychologist with a reputation for penetrating to the heart of complex parenting. Together they pinpoint the causes of this breakdown and offer practical advice on how to 'reattach' to sons and daughters, establish the hierarchy at home, make children feel safe and understood, and earn back your children's loyalty and love. This updated edition also addresses the unprecedented parenting challenges posed by the rise of digital devices and social media. By helping to reawaken our instincts, Maté and Neufeld empower parents to be what nature intended: a true source of contact, security and warmth for their children.

Stay Here Tonight-Cynthia Dane 2017-08-11

If the Light Can Find Its Way-Baaraaha Okab 2019-10-30 A seven-year-old Muslim girl loses her mother in a car accident. In the blink of an eye, she goes from her safe, comfortable home in the United States to a place she never expected: Palestine. She must quickly learn

how to deal with a big family and a young stepmother. Despite the tragic chaos of her new life, the young girl holds onto one dream: she will return to the United States, where her life will truly begin. The path is not easy. She must travel through much darkness to find light, but she holds tight to the old expression: "Dreams do come true." This is inspired by a true story of a girl's loss of her mother and how she was forced to cope. If the Light Can Find Its Way will help orphans and lonely teens see that rough times come—but they also go. It is possible to overcome past tragedy. It's hard work in the beginning, but with determination, we can heal and achieve our greatest dreams.

New Understandings of Twin Relationships-Barbara Klein 2020-12-24 New Understandings of Twin Relationships takes an experience-based approach to exploring how twin attachment and estrangement are critical to understanding the push and pull of closely entwined personal relationships. Based on the research expertise of each of the authors (all identical twins in their own right), and vignettes from twins across the globe, this book describes the inner workings of the twin-world, showing how the twin-world creates experiences that are often more intense and intricately textured than those in the singleton-world. Chapters debunk myths surrounding twinship and analyze the developmental stages of the twin relationship as well as the effect of being a twin on one's mental health from different perspectives. The authors articulate how attachment, separation anxiety, loneliness, estrangement, and the subjective experience of the twin and non-twin "other" impact behavior, thinking, and feeling. Through its careful study of the many psychological challenges that twins face throughout their lifetime, this text will help psychologists, scholars, clinicians, and twins themselves attain a deeper understanding of all interpersonal relationships.

How To Raise An Adult-Julie Lythcott-Haims 2015-07-24 "For parents who want to foster hearty self-reliance instead of hollow self-esteem, How to Raise an Adult is the right book at the right time." -Daniel H. Pink, author of the New York Times bestsellers Drive and A Whole New Mind A provocative manifesto that exposes the harms of helicopter parenting and sets forth an alternate philosophy for raising preteens and teens to self-sufficient young adulthood. In How to Raise an Adult, Julie Lythcott-Haims draws on research, on conversations with admissions officers, educators, and employers, and on her own insights as a mother and as a student dean to highlight the ways in which overparenting harms children, their stressed-out parents, and society at large. While empathizing with the parental hopes and, especially, fears that lead to overhelping, Lythcott-Haims offers practical alternative strategies that underline the importance of allowing children to make their own mistakes and develop the resilience, resourcefulness, and inner determination necessary for success. Relevant to parents of toddlers as well as of twentysomethings-and of special value to parents of teens-this book is a rallying cry for those who wish to ensure that the next generation can take charge of their own lives with competence and confidence.

Almost Adulthood-Arden Rose 2017-03-28 For fans of Grace Helbig and Alexa Chung comes a fresh, hilarious guide to growing up your way from social media influencer and lifestyle vlogger Arden Rose. In Almost Adulthood—perfect for budding adults, failing adults, and eaters of microwave mug brownies—Arden tells you how to survive your future adulthood. Topics include: Making internet friends who are cool and not murderers Flirting with someone in a way to make them think you are cool and not a murderer Being in an actual relationship where you talk about your feelings in a healthy manner??? To the other person??????? Eating enough protein Assembling a somewhat acceptable adult wardrobe when you have zero dollars Going on adventures without starting to smell How sex is supposed to feel, but, like, actually though By the end of the book—a mash-up of essays, lists, and artwork—you'll have learned not only how to dress yourself, how to travel alone, how to talk to strangers online, and how to date strangers (in PERSON!), but also how to pass as a real, functioning, appropriately socialized adult.

Unofficial Guide to Walt Disney World 2019-Bob Sehlinger 2018-08-14 THE trusted source of information for a successful Walt Disney World vacation Compiled and written by a team of experienced researchers whose work has been cited by such diverse sources as USA Today and Operations Research Forum, The Unofficial Guide to Walt Disney World digs deeper and offers more than any other guide. The Unofficial Guide to Walt Disney World 2019 explains how Walt Disney World works and how to use that knowledge to make every minute and every dollar of your vacation count. With advice that is direct, prescriptive, and detailed, it takes the guesswork out of travel by unambiguously rating and ranking everything from hotels, restaurants, and attractions to rental car companies. With an Unofficial Guide in hand, and authors Bob Sehlinger and Len Testa as guides, find out what's available in every category, from best to worst, and use step-by-step detailed plans to help make the most of your time at Walt Disney World.

Queer Anxieties of Young Adult Literature and Culture-Derritt Mason 2020-12-28 Young adult literature featuring LGBTQ+ characters is booming. In the 1980s and 1990s, only a handful of such titles were published every year. Recently, these numbers have soared to over one hundred annual releases. Queer characters are also appearing more frequently in film, on television, and in video games. This explosion of queer representation, however, has prompted new forms of longstanding cultural anxieties about adolescent sexuality. What makes for a good “coming out” story? Will increased queer representation in young people’s media teach adolescents the right lessons and help queer teens live better, happier lives? What if these stories harm young people instead of helping them? In Queer Anxieties of Young Adult Literature and Culture, Derritt Mason considers these questions through a range of popular media, including an assortment of young adult books; Caper in the Castro, the first-ever queer video game; online fan communities; and popular television series Glee and Big Mouth. Mason argues themes that generate the most anxiety about adolescent culture—queer visibility, risk taking, HIV/AIDS, dystopia and horror, and the promise that “It Gets Better” and the threat that it might not—challenge us to rethink how we read and engage with young people’s media. Instead of imagining queer young adult literature as a subgenre defined by its visibly queer characters, Mason proposes that we see “queer YA” as a body of transmedia texts with blurry boundaries, one that coheres around affect—specifically, anxiety—instead of content.

The Unofficial Guide to Walt Disney World 2015-Bob Sehlinger 2014-07-21 If you purchase The Unofficial Guide to Walt Disney World in ebook format, receive free monthly updates via your device so you'll be in the know about important changes, making your vacation planning better than ever! March-April 2015 Updates Available!
