### **In Other Words: Literature by Latinas of the United States-**

Roberta Fernández  
1994-01-01 Roberta Fernández has gathered the best and most representative examples of fiction, poetry, drama

and essay currently being written by Latina writers of the United States. The work is arranged by genre, and topics are as varied as the voices and styles of the writers: the challenge of living in two cultures; experiencing marginality as a result of class, ethnicity, and/or gender; Latina feminism; the celebration of one's culture and its people. Most of the pieces are in English and some are presented bilingually in English and Spanish. A preface and an introduction by the editor and a foreword by the noted critic of Latin American literature, Jean Franco, serve to contextualize the writers and their work; a primary and secondary bibliography

serves as an appendix.

**The Book of Archives and Other Stories from the Mora Valley, New Mexico-**A. Gabriel

Meléndez 2017-04-20 In the shadow of the Sangre de Cristo Mountains, New Mexico's Mora Valley harbors the ghosts of history: troubadours and soldiers, Plains Indians and settlers, families fleeing and finding home. There, more than a century ago, villagers collect scraps of paper documenting the valley's history and their identity—military records, travelers' diaries, newspaper articles, poetry, and more—and bind them into a leather portfolio known as "The Book of Archives." When a bomb blast during the Mexican-American War scatters the book's contents to the wind, the memory of the accounts lives on instead in the minds of

Mora residents. Poets and storytellers pass down the valley's traditions into the twentieth century, from one generation to the next. In this pathbreaking dual-language volume, author A. Gabriel Meléndez joins their ranks, continuing the retelling of Mora Valley's tales for our time. A native of Mora with *el don de la palabra*, the divine gift of words, Meléndez mines historical sources and his own imagination to reconstruct the valley's story, first in English and then in Spanish. He strings together humorous, tragic, and quotidian vignettes about historical events and unlikely occurrences, creating a vivid portrait of Mora, both in cultural

memory and present reality. Local gossip and family legend intertwine with Spanish-language ballads and the poetry of New Mexico's most famous dueling troubadours, Old Man Vilmas and the poet García. Drawing on New Mexican storytelling tradition, Meléndez weaves a colorful dual-language representation of a place whose irresistible characters and unforgettable events, and the inescapable truths they embody, still resonate today.

**Bordering Fires-**  
Cristina Garcia  
2009-01-21 As the  
descendants of Mexican

immigrants have settled throughout the United States, a great literature has emerged, but its correspondances with the literature of Mexico have gone largely unobserved. In *Bordering Fires*, the first anthology to combine writing from both sides of the Mexican-U.S. border, Cristina Garc'a presents a richly diverse cross-cultural conversation. Beginning with Mexican masters such as Alfonso Reyes and Juan Rulfo, Garc'a highlights historic voices such as "the godfather of Chicano literature" Rudolfo Anaya, and Gloria Anzaldœa, who made a powerful case for language that reflects bicultural experience. From the fierce evocations of Chicano reality in Jimmy

Santiago Baca's Poem IX to the breathtaking images of identity in Coral Bracho's poem "Fish of Fleeting Skin," from the work of Carlos Fuentes to Sandra Cisneros, Ana Castillo to Octavio Paz, this landmark collection of fiction, essays, and poetry offers an exhilarating new vantage point on our continent—and on the best of contemporary literature. From the Trade Paperback edition.

Nicolàs Kanellos  
1994-01-01 Recovering the U.S. Hispanic Literary Project is a national project to locate, identify, preserve and make

**The Aztec Palimpsest-**  
Daniel Cooper Alarcón  
1997-03 Mexico is more than a country; it is a concept that is the product of a complex network of discourses as disparate as the rhetoric of Chicano nationalism, English-language literature about Mexico, and Mexican tourist propaganda. The idea of "Mexicanness," says Daniel Cooper Alarcón, "has arisen through a process of erasure and superimposition as these discourses have produced contentious and sometimes contradictory

descriptions of their subject." By considering Mexicanness as a palimpsest of these competing yet interwoven narratives, Cooper offers a paradigm through which the construction and representation of cultural identity can be studied. He shows how the Chicano myth of Aztlan was constructed upon earlier Mesoamerican myths, discusses representations of Mexico in texts by nineteenth- and twentieth-century writers, and analyzes the content of tourist literature, thereby revealing the economic, social, and political interests that drive the production of Mexicanness today. This original linking of seemingly incongruous

discourses corrects the misconception that Mexicanness is produced only by hegemonic groups. Cooper shows how Mexico has been defined and represented, by both Mexicans and non-Mexicans, as more than a political or geographic entity, and he particularly reveals how Mexicanness has been exploited by Mexicans themselves through the promotion of tourism as a form of neocolonialism. Cooper's work is valuable both for identifying attempts to revise and control Mexican myth, history, and culture and for defining the intricate relationship between history, historiography, and cultural nationalism. The Aztec

Palimpsest extends existing analyses of Mexicanness into new theoretical realms and provides a fresh perspective on the relationship between the United States and Mexico at a time when these two nations are becoming more intimately linked.

### **Diaspora and Exile-**

Lucía Mora González  
2001 The different contributions of this body of work attempt to demonstrate that the concept of diaspora (exile) has acquired a renewed currency among scholars by examining that to be in exile, at least in some way, is to live a disjoint life. Thus, to live in exile or diaspora implies to take up the difficult task of keeping one's

dignity and one's story, despite the onslaught of a colonial power. The relationship with a past, often through stories of the mother/land or through remembrance and (re)creation, becomes a means of survival. Furthermore, the sense (or absence) of community, and the positioning in language generate an ever more complex and dialogic definition of Canadian and American nationalities and identities.

### **Decolonial Voices-**

Arturo J. Aldama 2002  
The interdisciplinary essays in Decolonial Voices discuss racialized, subaltern, feminist, and diasporic identities and the aesthetic politics of hybrid and mestiza/o

cultural productions. This collection represents several key directions in the field: First, it charts how subaltern cultural productions of the US/Mexico borderlands speak to the intersections of "local," "hemispheric," and "globalized" power relations of the border imaginary. Second, it recovers the Mexican women's and Chicana literary and cultural heritages that have been ignored by Euro-American canons and patriarchal exclusionary practices. It also expands the field in postnationalist directions by creating an interethnic, comparative, and transnational dialogue between Chicana and Chicano, African American, Mexican

feminist, and U.S. Native American cultural vocabularies. Contributors include Norma Alarcón, Arturo J. Aldama, Frederick Luis Aldama, Cordelia Chávez Candelaria, Alejandra Elenes, Ramón Garcia, María Herrera-Sobek, Patricia Penn Hilden, Gaye T. M. Johnson, Alberto Ledesma, Pancho McFarland, Amelia María de la Luz Montes, Laura Elisa Pérez, Naomi Quiñonez, Sarah Ramirez, Rolando J. Romero, Delberto Dario Ruiz, Vicki Ruiz, José David Saldívar, Anna Sandoval, and Jonathan Xavier Inda.

Catrióna

Rueda Esquibel

2009-09-15 With the

1981 publication of the

groundbreaking

anthology *This Bridge*

*Called My Back:*

*Writings by Radical*

*Women of Color,*

Cherríe Moraga and

Gloria Anzaldúa ushered

in an era of Chicana

lesbian writing. But

while these two writers

have achieved iconic

status, observers of the

Chicana/o experience

have been slow to

perceive the existence

of a whole

community—lesbian and

straight, male as well as

female—who write

about the Chicana lesbian experience. To create a first full map of that community, this book explores a wide range of plays, novels, and short stories by Chicana/o authors that depict lesbian characters or lesbian desire. Catrióna Rueda Esquibel starts from the premise that Chicana/o communities, theories, and feminisms cannot be fully understood without taking account of the perspectives and experiences of Chicana lesbians. To open up these perspectives, she engages in close readings of works centered around the following themes: La Llorona, the Aztec Princess, Sor Juana Inés de la Cruz, girlhood friendships, rural communities and history, and Chicana

activism. Her investigation broadens the community of Chicana lesbian writers well beyond Moraga and Anzaldúa, while it also demonstrates that the histories of Chicana lesbians have had to be written in works of fiction because these women have been marginalized and excluded in canonical writings on Chicano life and experience.

**Blood Lines**-Sheila Marie Contreras  
2009-07-21 *Blood Lines: Myth, Indigenism, and Chicana/o Literature* examines a broad array of texts that have contributed to the formation of an indigenous strand of Chicano cultural politics. In particular, this book exposes the

ethnographic and poetic discourses that shaped the aesthetics and stylistics of Chicano nationalism and Chicana feminism. Contreras offers original perspectives on writers ranging from Alurista and Gloria Anzaldúa to Lorna Dee Cervantes and Alma Luz Villanueva, effectively marking the invocation of a Chicano indigeneity whose foundations and formulations can be linked to U.S. and British modernist writing. By highlighting intertextualities such as those between Anzaldúa and D. H. Lawrence, Contreras critiques the resilience of primitivism in the Mexican borderlands. She questions established cultural perspectives on "the native," which paradoxically challenge

and reaffirm racialized representations of Indians in the Americas. In doing so, *Blood Lines* brings a new understanding to the contradictory and richly textured literary relationship that links the projects of European modernism and Anglo-American authors, on the one hand, and the imaginary of the post-revolutionary Mexican state and Chicano/a writers, on the other hand.

**Chicana and Chicano Mental Health**-Yvette G. Flores 2013-05-02

Spirit, mind, and heart—in traditional Mexican health beliefs all three are inherent to maintaining psychological balance. For Mexican Americans, who are both the oldest Latina/o group in the United States as well as some of the most recent arrivals, perceptions of health and illness often reflect a dual belief system that has not always been incorporated in mental health treatments. Chicana and Chicano Mental Health offers a model to understand and to address the mental health challenges and service disparities affecting Mexican immigrants and Mexican Americans/Chicanos. Yvette G. Flores, who has more than thirty years of experience as a

clinical psychologist, provides in-depth analysis of the major mental health challenges facing these groups: depression; anxiety disorders, including post-traumatic stress disorder; substance abuse; and intimate partner violence. Using a life-cycle perspective that incorporates indigenous health beliefs, Flores examines the mental health issues affecting children and adolescents, adult men and women, and elderly Mexican Americans. Through case studies, Flores examines the importance of understanding cultural values, class position, and the gender and sexual roles and expectations Chicanas/os negotiate, as well as the legacies

of migration, transculturation, and multiculturalism. *Chicana and Chicano Mental Health* is the first book of its kind to embrace both Western and Indigenous perspectives. Ideally suited for students in psychology, social welfare, ethnic studies, and sociology, the book also provides valuable information for mental health professionals who desire a deeper understanding of the needs and strengths of the largest ethnic minority and Hispanic population group in the United States.

**Men Without Bliss-**

Rigoberto González

2014-10-22 In cities and fields, Mexican American men are leading lives of quiet

desperation. In this collection of thirteen startling stories, Rigoberto González weaves complex portraits of Latinos leading ordinary, practically invisible lives while navigating the dark waters of suppressed emotion—true-to-life characters who face emotional hurt, socioeconomic injustice, indignities in the workplace, or sexual repression. But because their culture expects men to symbolize power and control, they dare not risk succumbing to displays of weakness. González shines an empathetic light into the shadows of Mexican culture to portray characters who suffer in silence—men both straight and gay who must come to terms

with their grief, loneliness, and pain. By exploring the private moments of men trapped inside unforgiving stereotypes, he critiques long-held assumptions of Latino behavior. He shows us individuals who must break out of various closets to become fully realized adults, and makes us feel the emotional pain of men in a culture that recognizes only the pain and hardship of women. *Men without Bliss* conveys the silent suffering of all men, not just Latinos. It will open readers' eyes to unexpected facets of Latino culture, and perhaps of their own lives.

**Asian American Literature in Transition, 1965-1996: Volume 3**-  
Asha Nadkarni  
2021-06-17 Asian American Literature in Transition Volume Three: 1965-1996 offers a multidisciplinary perspective on the political and aesthetic

stakes of what is now recognizable as an Asian American literary canon. It takes as its central focus the connections among literature, history, and migration, exploring how the formation of Asian American literary studies is necessarily inflected by demographic changes, student activism, the institutionalization of Asian American studies within the U.S. academy, U.S foreign policy (specifically the Cold War and conflicts in Southeast Asia), and the emergence of 'diaspora' and 'transnationalism' as important critical frames. Moving through sections that consider migration and identity, aesthetics and politics, canon formation, and transnationalism and

diaspora, this volume tracks predominant themes within Asian American literature to interrogate an ever-evolving field. It features nineteen original essays by leading scholars, and is accessible to beginners in the field and more advanced researchers alike.

**The Gloria Anzaldúa Reader**-Gloria Anzaldúa 2009-01-01 Born in the Río Grande Valley of south Texas, independent scholar and creative writer Gloria Anzaldúa was an internationally acclaimed cultural theorist. As the author of *Borderlands / La Frontera: The New Mestiza*, Anzaldúa played a major role in shaping contemporary

Chicano/a and lesbian/queer theories and identities. As an editor of three anthologies, including the groundbreaking *This Bridge Called My Back: Writings by Radical Women of Color*, she played an equally vital role in developing an inclusionary, multicultural feminist movement. A versatile author, Anzaldúa published poetry, theoretical essays, short stories, autobiographical narratives, interviews, and children's books. Her work, which has been included in more than 100 anthologies to date, has helped to transform academic fields including American, Chicano/a, composition, ethnic, literary, and women's studies. This

reader—which provides a representative sample of the poetry, prose, fiction, and experimental autobiographical writing that Anzaldúa produced during her thirty-year career—demonstrates the breadth and philosophical depth of her work. While the reader contains much of Anzaldúa’s published writing (including several pieces now out of print), more than half the material has never before been published. This newly available work offers fresh insights into crucial aspects of Anzaldúa’s life and career, including her upbringing, education, teaching experiences, writing practice and aesthetics, lifelong health struggles, and interest in visual art, as

well as her theories of disability, multiculturalism, pedagogy, and spiritual activism. The pieces are arranged chronologically; each one is preceded by a brief introduction. The collection includes a glossary of Anzaldúa’s key terms and concepts, a timeline of her life, primary and secondary bibliographies, and a detailed index.

### **Chicano Renaissance-**

David Maciel 2000  
Among the lasting legacies of the Chicano Movement is the cultural flowering that it inspired--one that has steadily grown from the 1960s to the present. It encompassed all of the arts and continues to earn acclaim both nationally and internationally. Although this Chicano artistic renaissance

received extensive scholarly attention in its initial phase, the post-Movimiento years after the late 1970s have been largely overlooked. This book meets that need, demonstrating that, despite the changes that have taken place in all areas of Chicana/o arts, a commitment to community revitalization continues to underlie artistic expression. This collection examines changes across a broad range of cultural forms--art, literature, music, cinema and television, radio, and theater--with an emphasis on the last two decades. Original articles by both established and emerging scholars review such subjects as the growth of Tejano music and the rise of

Selena, how films and television have affected the Chicana/o experience, the evolution of Chicana/o art over the last twenty years, and postmodern literary trends. In all of the essays, the contributors emphasize that, contrary to the popular notion that Chicanas/os have succumbed to a victim mentality, they continue to actively struggle to shape the conditions of their lives and to influence the direction of American society through their arts and social struggle. Despite decades usually associated with self-interest in the larger society, the spirit of commitment and empowerment has continued to infuse Chicana/o cultural expression and points

toward a vibrant future.

**Envisioning a Critical  
Race Praxis in K-12  
Education Through  
Counter-Storytelling-**

Tyson E.J. Marsh  
2016-08-01 While  
critical race theory is a  
framework employed by  
activists and scholars  
within and outside the  
confines of education,  
there are limited  
resources for leadership  
practitioners that  
provide insight into  
critical race theory and

the possibilities of  
implementing a critical  
race praxis approach to  
leadership. With a  
continued top-down  
approach to educational  
policy and practice, it is  
imperative that  
educational leaders  
understand how critical  
race theory and praxis  
can assist them in  
utilizing their agency  
and roles as leaders to  
identify and challenge  
institutional and  
systemic racism and  
other  
forms/manifestations of  
oppression (Stovall,  
2004). In the tradition of  
critical race theory, we  
are charged with the  
task of operationalizing  
theory into practice in  
the struggle for, and  
commitment to, social  
justice. Though  
educational leaders and  
leadership programs  
have been all but absent

in this process, given their influence and power, educational leaders need to be engaged in this endeavor. The objective of this edited volume is to draw upon critical race counter-stories and praxis for the purpose of providing leaders in training and practicing K-12 leaders with tangible narratives that demonstrate how racism and its intersectionality with other forms of oppression manifest within K-12 schooling. An additional aim of this book is to provide leaders with a working knowledge of the central tenets of critical race theory and the tools that are required in recognizing how they might be complicit in the reproduction of institutional and systemic racism and

other forms of oppression. More precisely, this edited volume intends to draw upon and center the lived experiences and voices of contributors that have experienced racism in K-12 schooling. Through the use of critical race methodology and counter-storytelling (Solórzano & Yosso, 2002), contributors will share and interrogate their experiences while offering current and future educational leaders insight in recognizing how racism functions within institutions and how they can address it. The intended goal of this edited volume is to translate critical race theory into practice while emphasizing the need for educational leaders to develop a

critical race praxis and anti-racist approach to leadership.

### **¡Chicana Power!-**

Maylei Blackwell 2016-06-27 The first book-length study of women's involvement in the Chicano Movement of the late 1960s and 1970s, *¡Chicana Power!* tells the powerful story of the emergence of Chicana feminism within student and community-based organizations throughout southern California and the Southwest. As Chicanos engaged in widespread protest in their struggle for social justice, civil rights, and self-determination, women in *el movimiento* became increasingly

militant about the gap between the rhetoric of equality and the organizational culture that suppressed women's leadership and subjected women to chauvinism, discrimination, and sexual harassment. Based on rich oral histories and extensive archival research, Maylei Blackwell analyzes the struggles over gender and sexuality within the Chicano Movement and illustrates how those struggles produced new forms of racial consciousness, gender awareness, and political identities. *Chicana Power!* provides a critical genealogy of pioneering Chicana activist and theorist Anna NietoGomez and the Hijas de Cuauhtémoc, one of the

first Latina feminist organizations, who together with other Chicana activists forged an autonomous space for women's political participation and challenged the gendered confines of Chicano nationalism in the movement and in the formation of the field of Chicana studies. She uncovers the multifaceted vision of liberation that continues to reverberate today as contemporary activists, artists, and intellectuals, both grassroots and academic, struggle for, revise, and rework the political legacy of Chicana feminism.

**Teaching Late-  
Twentieth-Century  
Mexicana and  
Chicana Writers-  
Elizabeth Coonrod**

Martínez 2020-12-15  
Mexicana and Chicana authors from the late 1970s to the turn of the century helped overturn the patriarchal literary culture and mores of their time. This landmark volume acquaints readers with the provocative, at times defiant, yet subtle discourses of this important generation of writers and explains the influences and historical contexts that shaped their work. Until now, little criticism has been published about these important works. Addressing this oversight, *Teaching Late-Twentieth-Century Mexicana and Chicana Writers* starts with essays on Mexicana and Chicana authors. It then features essays on specific teaching strategies suitable for

literature surveys and courses in cultural studies, Latino studies, interdisciplinary and comparative studies, humanities, and general education that aim to explore the intersectionalities represented in these works. Experienced teachers offer guidance on using these works to introduce students to border studies, transnational studies, sexuality studies, disability studies, contemporary Mexican history and Latino history in the United States, the history of social movements, and concepts of race and gender.

growing racial/ethnic  
'minority' population in

Yosso debunks racialized myths that blame the victims for these unequal educational outcomes and redirects our focus toward historical patterns of institutional neglect. She artfully interweaves empirical data and theoretical arguments with engaging narratives that expose and analyse racism as it functions to limit access and opportunity for

Chicana/o students. By humanising the need to transform our educational system, Yosso offers an accessible tool for teaching and learning about the problems and possibilities present along the Chicano/a educational pipeline.
